NOTICE OF EXAMINATION OF PUBLIC SCHOOL TEACHERS

Notice is hereby given that in accordance with an order from the state superintendent, there will be held in Ocala, beginning on Monday, October 20, 1913, an examination for teachers' certificates, at which all persons desiring to teach in Marion county will have an opportunity to qualify in the matter of examination. I hope a number will apply, as we are short of teachers.

I wish to give notice that no certificate taken by a person living in Marion county, in another county, will be honored here and I wish to emphasize our policy of giving preference in appointment to those holding Marion county certificates.

I also wish to call attention of all parties interested to the ruling of the state board that all teachers of high school subjects will in future have to have not only a first grade, but a special certificate covering the work they propose to do. This, of course, would not apply to those holding state certificates.

Very truly yours,

J. H. Brinson, County Supt.
